

WIZwireless is now offering customers a self-install option with their own gear or our pre-configured gear.

Please ring with your physical address for a free basic coverage check

Please fill in your requirements and send us an email or fax to the office.

Self-install gear can be returned for a refund within the first fortnight if the self-install isn't able to be completed successfully. The gear needs to please be still in its original box and being in resalable condition less \$25 non-refundable test fee.

**Terms and Conditions for Self Installs (Over and above standard Terms and Conditions. See website)**

- Free basic coverage check is reasonably accurate but does not guarantee connectivity due to local environmental conditions (re mapping height errors, trees, buildings and/or radio interference)
- Customer owns the radio. There's no 12 month contract, customer gets extra 50GB data.
- Self-install plan includes up to 15 minutes phone or email support per month if required
- Install alignment is via 4 LED's on the radio and then login to simple web interface for fine tuning of alignment. WIZwireless provide a guide.
- Customer is responsible for radio, signal level, power supply, cabling, router, connected equipment eg VoIP router and other install aspects. WIZwireless may charge for additional support
- Customer will only have read-only access to their radio whilst it is connected to our network. If customer resets radio, we may charge a radio configuration fee.
- This is a prepay service and payment for next month's data must be paid two days before the start of next billing cycle. Payment to be via AP or DD. To change a data plan please also give us 1 months' notice, thanks.
- Special additional 10% discount in monthly fee if purchase data 6 months in advance
- WIZwireless offers no guarantee of continued service and reserves the right to block radios from our network at our discretion (normally due to internet abuse). Full refund will be given beyond the next billing cycle in these situations.

NB: Standard install done by our experienced installers is still an option. <http://wizwireless.co.nz/home-info.htm>  
This is a prepay service so please make payment online or add credit card details as below for us to complete the transaction prior to the installation. By signing up customer agrees to all the Terms and Conditions. See website for more details <http://wizwireless.co.nz/broadband-contact.htm>
